

Final Presentation

Due Week 14 (Monday, November 30)

Prof. Jack Reilly

F2026

- **Due:** Week 14 (Monday, November 30)
- **Points:** 5
- **Submit to:** Blackboard, and email to your UCA
- **Submission:** By Project

Instructions

Submit your presentation by **Monday night** of Week 14, in two places:

- Upload it to Blackboard, **and**
- Email it to your UCA.

You must submit your presentation as a **PowerPoint attachment**. No PDFs, no OneDrive links, no Canva links, no Google Slides.

Presentations are given **in class on the Tuesday after submission**.

The template below outlines the required slides in your presentation. You can (and are encouraged to) use a different template.

Presenting to your client

Some clients ask for a presentation of their own. This happens only if your client requests it, and a client presentation may have different requirements than the in-class presentation. Students who present to their client earn an extra **professionalism point**.
